

One Of A Kind Mackerilla Wristlet Bag

Pet Rescue Shirt (Womens)

One of many reasons we support and love Janice at Mackerilla is her handbags... the other is her love of animals. She has donated a ONE OF A KIND wristlet style bag (she is a designing genius) and a women's shirt promoting animal rescue. Her passion is design and animal rescue and she has found a way to express her love of both. If you are a do-it-yourself sewer, she has a design/pattern web site:

www.mackerilladesign.com

And a pet adoption education site as well:

www.gimpypets.com

The site educates the community on the needs of handicapped pet adoption (how cool is that?) and she is working on several projects, concurrently, so keep an eye on her! Her work can be found in local boutiques as well.

Now, get ready to fight over that cute hand bag/shirt combo!
